October 2018 Vol. 2 Issue 9

## Hanover Parking Garage – King of Prussia, PA

King of Prussia, PA is currently experiencing a wave of new residents to the area due to its access to employment, retail, dining & recreational opportunities within the suburban Philadelphia Region. Another popular draw to the area is the King of Prussia Mall, the largest shopping mall in the U.S. in terms of its gross leasable area of 2.9 million square feet.

Realen Properties is teaming up with Hanover R.S. Construction, LLC to develop another apartment project at the near-by King of Prussia Town Center, which is located a short distance West of the **King of Prussia** Mall.

The future complex will have 390 apartments and a parking garage. This complex will join five other multifamily developments at the property, some of which have been completed, and others in various stages of construction. Among them there will be a total of 1,528 rental units.

Precast Services, Inc. is set to begin erection of the six (6) level, two (2) bay parking garage for this complex the week of November 5, 2018.

# MLH Specialty Healthcare Parking Garage

The Village at Valley Forge will welcome the opening of a new facility dedicated to a host of traditional and holistic services focusing on women's health and wellness.

Main Line Health (MLH) and Axia Women's Health are partnering to

establish and operate Main Line Health in King of Prussia, a specialty care center that will provide a full range of preventive, diagnostic and treatment services, noted JoAnn Magnatta, MLH Senior Vice President of Facilities Design and Construction.

Precast Services, Inc. will begin erection of a four (4) level, two (2) bay parking garage for the Healthcare facility, consisting of approximately 330 pieces during the second week of December 2018.

In addition to mammography, ultrasound, biopsy and surgical consults, dermatology, esthetics and plastic surgery consults, the center will support women's emotional wellness, including individual and group counseling and post-partum depression care; comprehensive weight management; integrative medicine and mindfulness therapies, including acupuncture and reiki. Also located within the new facility, an ambulatory care center will bring health and wellness services to both men and women, including primary care, cardiology and cardiac testing, endocrinology, neurology, general surgery, orthopedics, imaging, physical therapy and lab services.

## Project Updates

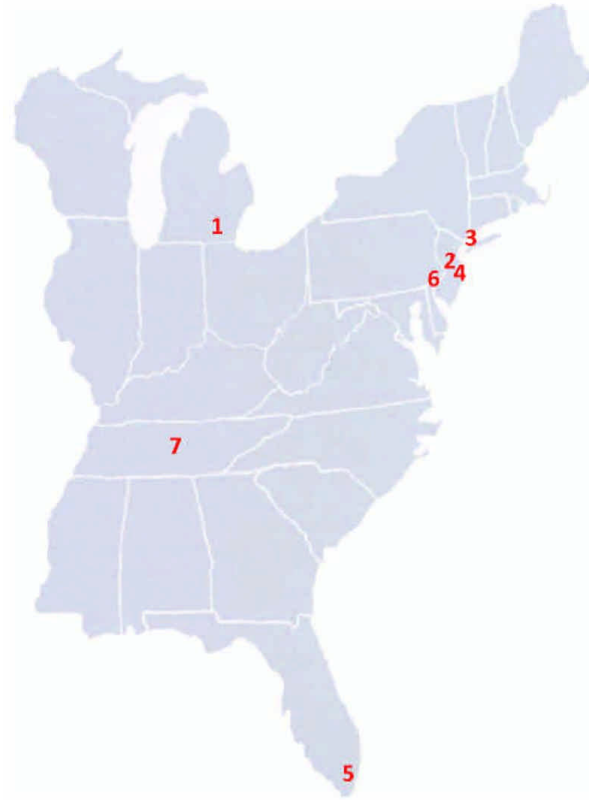

The 11 Mile PG located in Royal Oak, Michigan is looking good and is approximately 65% complete. Expected completion date is December 7, 2018.

The New Brunswick Performing Arts Parking Garage located in New Brunswick, New Jersey is scheduled to be completed November 23, 2018.
